# About affiliate marketing.

Affiliate marketing involves earning a commission by promoting a product or service made by another retailer or advertiser. It is a monetization model where an affiliate partner, which is you, is rewarded a payout for providing a specific result to the retailer or advertiser.

## How it works!

Affiliate marketing involves referring to a product or service by sharing it on a blog, social media platform, podcast, or website.

The affiliate earns a commission each time someone makes a purchase through the unique link associated with their recommendation.

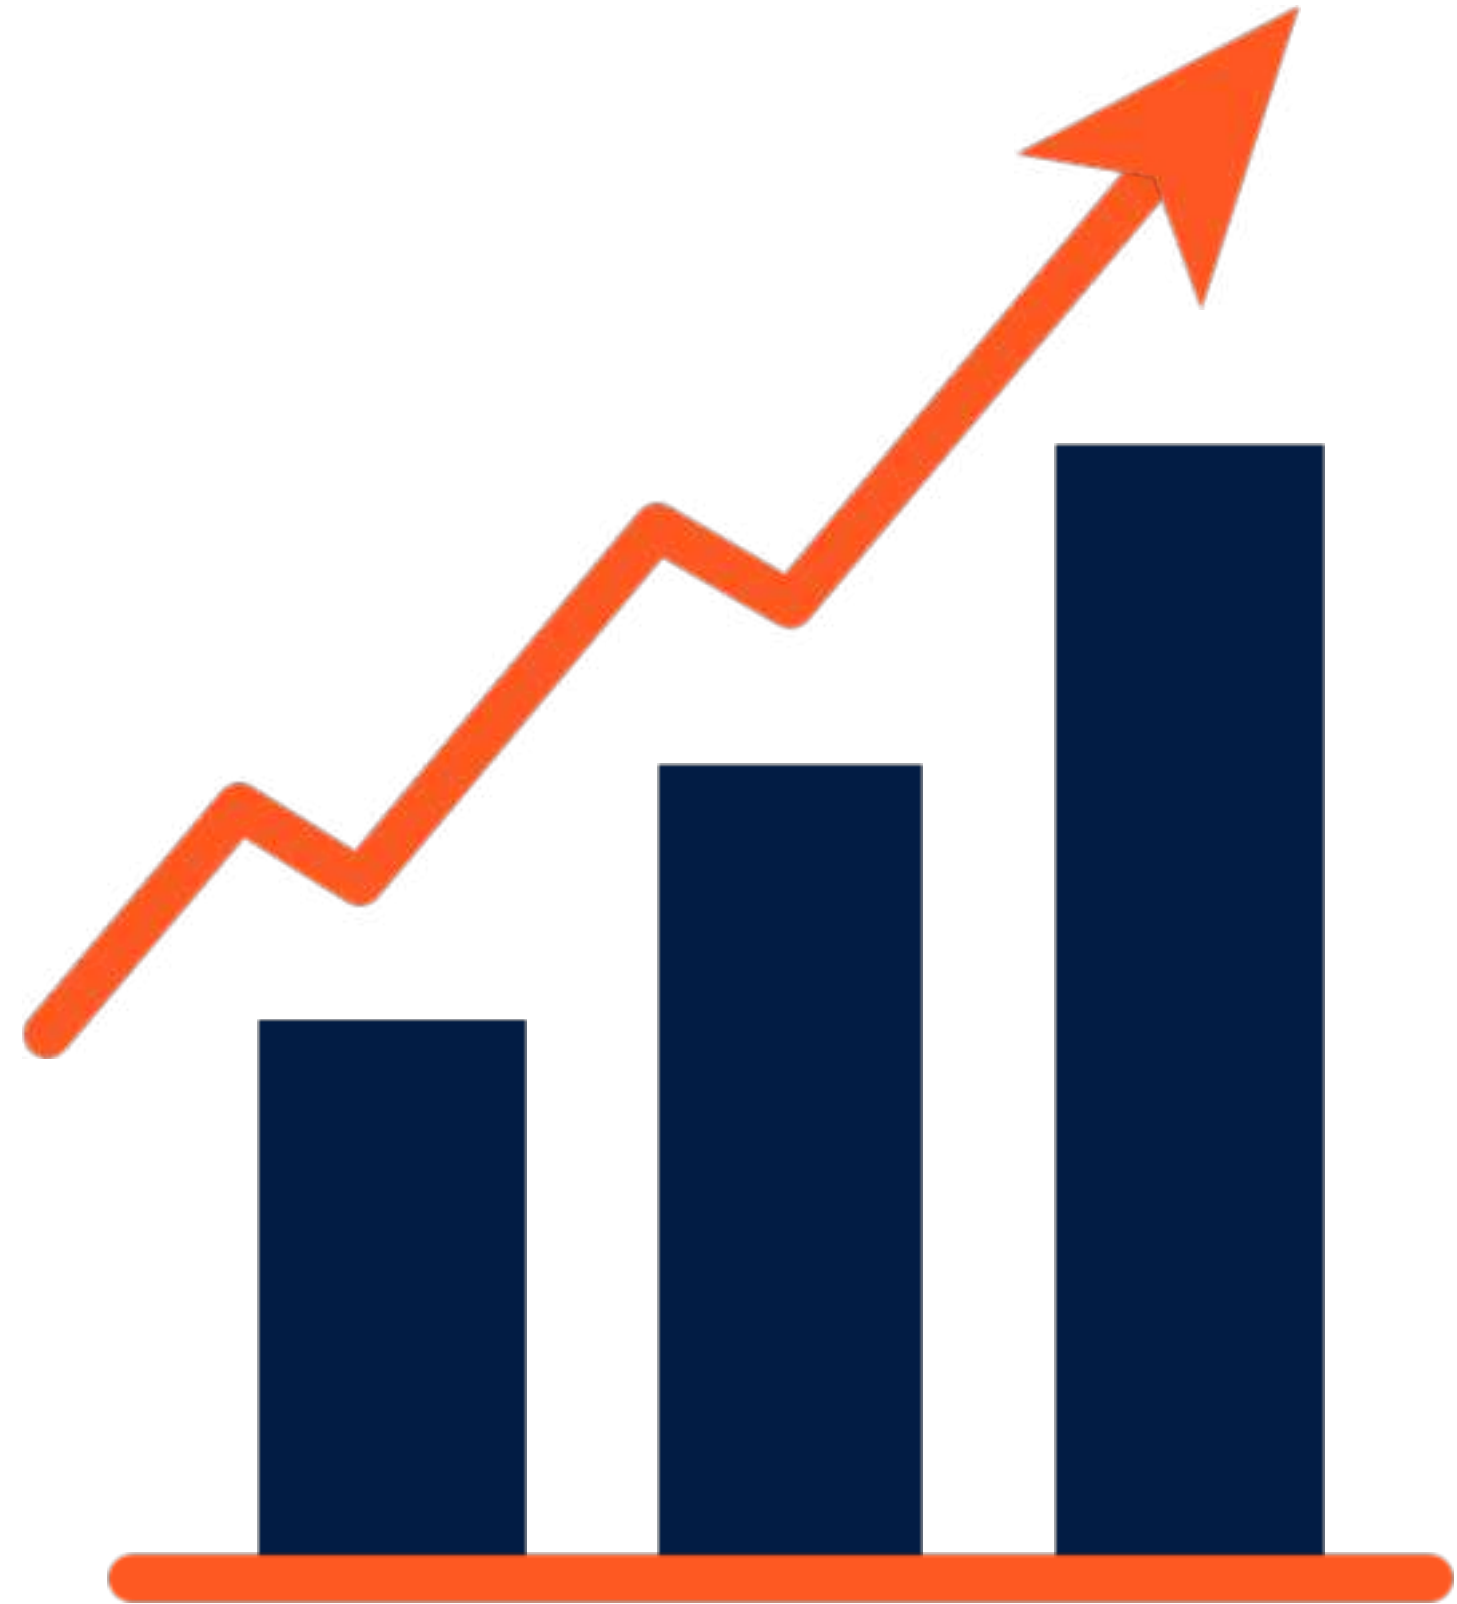

# Benefits of affiliate Marketing.

- Easy to execute
- No Qualification Required
- High Commission
- Do it from anywhere any time

# Growth of affiliate marketing.

There's no doubt affiliate marketing is worth it, given its growth in popularity. The affiliate marketing industry will reach \$10 billion by 2025, up from \$5.4 billion in 2017. It's also a low- to no- cost business venture you can profit from immensely.
